

Manage the challenges

together with your **Trusted Advisor**

WE ARE LOOKING FOR:

Technical Architect Focus on SAP (m/f/d)

LOCATION:

Remote work (ASG region)

WE ARE...

AdEx Partners was founded out of the drive to make complex transformation projects successful and to live management consulting differently. **Together with our customers, we define the goal and prerequisites for a successful transformation, develop tailor-made solutions and provide pragmatic support for implementation.**

As a **trusted advisor**, we support companies on both a strategic and operational level. **Independently, honestly and reliably**, we support our customers based on many years of industry knowledge, also in the area of line competence. Appreciative interaction and collaborative cooperation correspond to our self-image. Through **knowledge sharing**, we achieve added value that has an impact beyond the project team.

WE ARE LOOKING FOR...

a **Technical Architect with a focus on SAP (m/f/d)** to assist in ERP transformation and IT architecture projects for our clients with the following responsibilities:

- Development of detailed target images for the future-proof SAP and integration architecture (On Premise, in the Cloud or hybrid) taking into account current technologies and latest trends
- Responsibility for **roadmap and concept development** regarding ERP transformations in the context of technical architecture and infrastructure - from planning the IT architecture to project management during implementation
- **Analysis, design, and assessment of architecture components** in SAP and integration platforms
- From conception to implementation: **Technical integration** between different components of the target architecture (SAP, non-SAP), release management, security, performance
- **Leadership responsibilities** at the interface between the departments and IT, as well as professional development of the project staff

WHAT YOU BRING...

Passion and enthusiasm are more important to us than certificates or references, but the following skills will help you to be successful with us:

- A degree in **Business Informatics, Computer Science** or a comparable field
- **Several years of professional experience** - preferably in a consulting firm with extensive knowledge in the **enterprise environment**
- Professional experience with SAP- and IT architectures/IT strategy development as well as in SAP-Basis, infrastructure and integration platforms
- Knowledge of **architecture-frameworks and -methods** (TOGAF, BIZBOK, BPMN)
- **Experience in direct interaction with decision-makers at all levels** regarding IT architectures in the ERP/SAP environment
- **Project management, coaching, and leadership** experience in the IT sector
- **Project experience in domestic and foreign environments**, combined with a high degree of independence and solution orientation
- **Business-fluent language skills in German and English**, both spoken and written, and a **willingness to travel** within the ASG region

OUR OFFER...

We offer you exciting engagements with highly relevant issues and state-of-the-art technologies with well-known customers from upper medium-sized businesses to DAX corporations. In addition, you can expect a variety of other **benefits**, such as:

- A young, agile **hands-on company** with a great deal of creative freedom and **flat hierarchies**
- Performance-based, transparent **bonus system**
- Flexible working hours incl. **remote regulation**
- **Employee assistance program** to support employees in all areas of life
- Individual **training** and personal **coaching**
- **Bike leasing** and fitness with **EGYM Wellpass**
- **Latest hardware** (choice of smartphone) - also for private use
- **Corporate events** such as regional regulars' tables, annual kick-off and the legendary Family & Friends summer event
