

Manage the challenges

together with your **Trusted Advisor**

WE ARE LOOKING FOR:
(Senior) Manager Cloud Transformation & Adoption (m/f/d)

LOCATION:
Remote work (ASG region)

WE ARE...

AdEx Partners was founded out of the drive to make complex transformation projects successful and to live management consulting differently. **Together with our customers, we define the goal and prerequisites for a successful transformation, develop tailor-made solutions and provide pragmatic support for implementation.**

As a **trusted advisor**, we support companies on both a strategic and operational level. **Independently, honestly and reliably**, we support our customers based on many years of industry knowledge, also in the area of line competence. Appreciative interaction and collaborative cooperation correspond to our self-image. Through **knowledge sharing**, we achieve added value that has an impact beyond the project team.

WE ARE LOOKING FOR...

a **(Senior) Manager Cloud Transformation & Adoption (m/f/d)** for the realization of our customers' cloud strategy with the following responsibilities:

- Implementation analyses to assess the cloud capability of customer infrastructures (**development of a cloud strategy**)
- Consulting for the creation of **cloud-based applications** (cloud architecture)
- Hands-on experience in **migration projects** from legacy systems to the cloud
- Consulting on **benefits, requirements and implications** of "Cloud Native" system landscapes (IaaS, PaaS, SaaS) and assisting with provider selection (Azure, AWS, etc)
- Coordination of developer and DevOps teams as part of **cloud projects**
- Participation in projects that require specific expertise in one of the areas of **Artificial Intelligence (AI), Data Analytics, Big Data, or IoT**
- Contact person **from design to go-live**

WHAT YOU BRING...

Passion and enthusiasm are more important to us than certificates or references, but the following skills will help you to be successful with us:

- A degree in **Business Informatics** or comparable education with professional **experience in the cloud sector**
- **Several years of professional experience** - preferably in a consulting firm with extensive knowledge in the **cloud environment**
- Professional experience in the analysis, design and implementation of **cloud architectures and infrastructures**
- Expertise in the **implementation of cloud-based solutions** with one or more cloud providers (AWS, Azure, ...)
- Experience with container technologies and knowledge about the **automation and orchestration of cloud processes**
- **Experience in direct interaction with decision-makers on all levels** regarding IT transformation
- **Business-fluent language skills in German and English**, both spoken and written, and a **willingness to travel** within the ASG region

OUR OFFER...

We offer you exciting engagements with highly relevant issues and state-of-the-art technologies with well-known customers from upper medium-sized businesses to DAX corporations. In addition, you can expect a variety of other **benefits**, such as:

- A young, agile **hands-on company** with a great deal of creative freedom and **flat hierarchies**
- Performance-based, transparent **bonus system**
- Flexible working hours incl. **remote regulation**
- **Employee assistance program** to support employees in all areas of life
- Individual **training** and personal **coaching**
- **Bike leasing** and fitness with EGYM Wellpass
- **Latest hardware** (choice of smartphone) - also for private use
- **Corporate events** such as regional regulars' tables, annual kick-off and the legendary Family & Friends summer event
