

Manage the challenges

together with your **Trusted Advisor**

WE ARE LOOKING FOR:
(Senior) Manager
SAP Analytics Cloud (m/f/d)

LOCATION:
Remote work (ASG region)

WE ARE...

AdEx Partners was founded out of the drive to make complex transformation projects successful and to live management consulting differently. **Together with our customers, we define the goal and prerequisites for a successful transformation, develop tailor-made solutions and provide pragmatic support for implementation.**

As a **trusted advisor**, we support companies on both a strategic and operational level. **Independently, honestly and reliably**, we support our customers based on many years of industry knowledge, also in the area of line competence. Appreciative interaction and collaborative cooperation correspond to our self-image. Through **knowledge sharing**, we achieve added value that has an impact beyond the project team.

WE ARE LOOKING FOR...

a **(Senior) Manager SAP Analytics Cloud (m/f/d)** for the implementation of our customers' IT strategy with the following responsibilities:

- Independent **conception** of global, standardized **business intelligence** processes and solutions based on **SAP Analytics Cloud**
- Design and creation of dashboards, reports and cloud-based **reporting** for corporate management
- Development of **application and data (database) architectures**
- Design and implementation of **data models and ETL routes** based on SAP Analytics Cloud
- Responsibility for SAP Analytics Cloud as part of roadmap and **concept development**
- **Managing the Business Intelligence project**
- **Leadership responsibilities** at the interface between the departments and IT, as well as professional development of the project staff

WHAT YOU BRING...

Passion and enthusiasm are more important to us than certificates or references, but the following skills will help you to be successful with us:

- A degree in **Informatics, Business Administration** or a comparable field
- **Several years of professional experience** - preferably in a consulting firm with extensive **knowledge of the SAP environment**
- Several years of **practical experience** in the field of **SAP BI, SAP Integrated Business Planning, Business Objects/Analytics Cloud**
- Extensive experience with **information needs analyses as well as planning procedures and processes as well as with BI strategies and architectures**
- **Experience in direct interaction with decision-makers on all levels** and in all relevant departments
- **Project management, coaching and leadership experience** in IT and/or business processes
- **Project experience in both local and international markets**, combined with a high degree of work independence and a solution driven mindset
- **Business-fluent language skills in German and English**, both spoken and written, and a **willingness to travel** within the ASG region

OUR OFFER...

We offer you exciting engagements with highly relevant issues and state-of-the-art technologies with well-known customers from upper medium-sized businesses to DAX corporations. In addition, you can expect a variety of other **benefits**, such as:

- A young, agile **hands-on company** with a great deal of creative freedom and **flat hierarchies**
- Performance-based, transparent **bonus system**
- Flexible working hours incl. **remote regulation**
- **Employee assistance program** to support employees in all areas of life
- Individual **training** and personal **coaching**
- **Bike leasing** and fitness with EGYM Wellpass
- **Latest hardware** (choice of smartphone) - also for private use
- **Corporate events** such as regional regulars' tables, annual kick-off and the legendary Family & Friends summer event
